

# ONE MAN CULTIVATES TWO ROWS AT A TIME *with the*

**MOLINE**  
**UNIVERSAL TRACTOR**  
*Solves The Farm Help Problem*

On most farms more time is spent in cultivating than any other operation. Sixty per cent of the crops are planted in rows that require cultivating, which must be done at the busiest season.

If one man is to farm more land than ever before, which is absolutely necessary, he must cultivate more land than ever before. With the Moline Universal Tractor one man can cultivate two rows at a time and do it better, quicker and cheaper than with horses.

The Moline Universal Tractor straddles the corn row—it has more clearance than the ordinary cultivator—so corn can be cultivated in all stages. The tractor is attached to the cultivator and forms one complete unit—the tractor the front wheels, and the cultivator the rear wheels. The operator sits on the cultivator in line with the right drive wheel of the tractor, where he has a clear and unobstructed view of the rows ahead. This is of the utmost importance for good work.

All the operator has to do is to keep the right wheel of the Moline Universal a certain distance from the outside row and the whole outfit will go properly. For dodging individual hills the cultivator gangs are shifted by the operator's feet.

The automatic electric governor allows the tractor to be slowed down to a "snail's pace".

But cultivating is only one of all the farm operations the Moline Universal Tractor can do. It is light, yet does as much work with two 14-inch plow bottoms as the ordinary three-plow tractor, on account of its higher speed, 3 1/2 miles an hour. Being coupled to the various farm implements with which it is used, it enables one man to perform every farm operation better than two men can do the same work with the ordinary tractor. In addition it has plenty of power for belt work, easily handling a 24-inch grain separator.

Mechanically, the Moline Universal contains refinements and improvements that stamp it as the foremost tractor. Perfected overhead-valve four-cylinder engine, complete enclosure of all working parts, including the final drive gears, electric starting and lighting system, 15 Hyatt heavy duty roller bearings and five high grade ball thrust bearings, differential lock, and electrical engine governor are a few of the many features that place the Moline Universal ahead of all the rest.

## A Treat For His Wife

"Can I believe my eyes?" exclaimed Mr. James as he confronted a burglar. Mr. James had been sent down in the middle of the night to investigate a strange noise. The burglar produced a revolver, but Mr. James grabbed his hand. "Don't!" he said, giving the hand a cordial shake. "You don't know how much I'm interested in you. Stay awhile. I want you to meet Mrs. James." "While you are calling a policeman! Not me!" retorted the burglar. "No," said Mr. James;

"I just want you to stay while I call my wife. She's heard you at work every night for twenty years, and this is the first chance she's ever had of seeing you!"

The legislature adjourned Tuesday night. Senators and reps who feel swelled up over their parts in the aggregation of fiascos are prominently mentioned as probable candidates for state offices. When any of them bob their heads above the political horizon again they will disappear more suddenly. Frittering away the tax paid by the people

in the manufacture of political support thru the passage of bills in direct opposition to the majority of the voters and doing nothing else for 75 days, will hardly encourage shelling out votes to put any of the bunch composing the last legislature into another public office.

\$100. per month is the initial salary of Harry Mezl of Slater, Mo., whom the Chillicothe Business College sent to Cushing, Okla., Monday as stenographer and posting machine operator in the Farmers National Bank.

# Colda

**It's Snappy**

More home gardening. More outdoor work. More fatigue. More refreshing Colda—the drink with a delightful snap.

You'll like it with your meals. You'll enjoy it between times at soda fountains. Try Colda today. Order a case sent to your home.

## DULL AND SHARP SHOOTING PAINS

**Michigan Lady Suffered Such Pains In Back and Head, But Says Cardui Stopped These Bad Spells.**

Palmyra, Mich.—Mrs. Chas. T. Fuller, of this place, writes: "In 1911 I got run-down, and I suffered great pain...with both dull and sharp shooting pains...also back and head. I was weak and could only drag around, and should have been in bed, for I really wasn't able to be up. At times I would have spells that would be so bad I'd have to go to bed, and suffered intensely..."

I decided to try Cardui, and saw a great improvement in less than a month's time. I used 7 or 8 bottles and was stronger...I got so much better that my strength returned and my work was easy for me. Cardui did me a world of good. It built me up in health and strength. I haven't had one of those bad spells since. I haven't had to take any more medicine since or have any doctors either and have been able to do my work right along...I recommend it to other women highly as the best medicine I know of for women who suffer from female trouble."

If you suffer from female troubles, follow this advice. Get a bottle of Cardui today and give it a thorough trial. It should help you, as it has helped thousands of other women in the past 40 years. At all druggists. EB-14
